Permission to Treat and Charge without Parent/Legal Guardian Present

We always recommend that a parent/legal guardian be present for eye examinations and materials purchase so the doctor and our staff can discuss treatment, prescriptions, and materials (glasses and or contacts) to help the overall care of your child. To allow for eye exams and materials purchase for patients that are minors, it is necessary for a parent/legal guardian to give consent for treatment. If a minor (under the age of 18) arrives for an eye exam they may be denied treatment in our office. In the event that a parent/legal guardian cannot make it to the appointment we ask that permission to treat and charge form be signed and kept on file until the child becomes 18 years of age. Please check the permissions you give to your minor while being treated in our office in your absence.
